

Three Easy Steps to Joining DartConnect

1 >

Step 1:

Go to DartConnect.com and click "Join" and follow links to sign up for a Premium Subscription

First Step: Create a Guest Account.

Send me an Invite!

By signing up, you agree to the [Terms of Service](#)

Already a member? [Sign In](#)

Start by requesting a guest account invitation by entering your email address. This will let us validate your email in step 2.

2 >

Step 2:

Activate Your Account

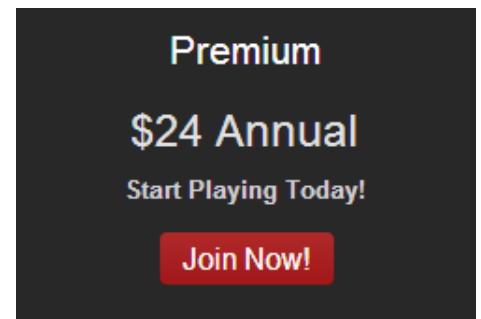

Look in your inbox for the DartConnect Invitation, use the link to activate your account and complete your registration.

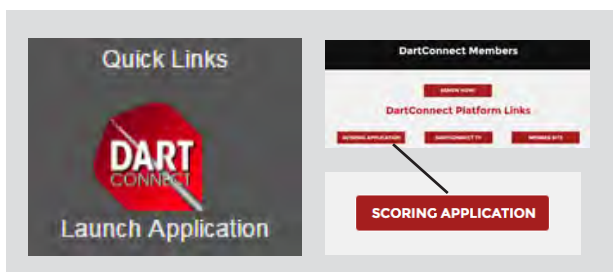

3

Step 3:

Add a Premium Subscription

Almost there! Log in at the member's site, and select "Join Now" for a Premium Subscription. Complete the payment process and you are ready to go!

Now You Can Download & Install the DartConnect App:

On the member's site, click Launch Application or on our main website, go to the Member's page and click the red button labeled "scoring application".

Important! Be sure to visit our website, Facebook page or YouTube Channel and watch our video on how to save the app to your homescreen on Apple and Android devices.

The Premier Platform for Steel Tip Enthusiasts

Ready for DartConnect & Looking for Tablet Bargains?

What Screen Type do you want?

- **IPS screens** allow for a wide viewing angle. All Apple tablets use this technology and most newer Android Tablets that are \$150 or more should have an IPS screens – If it does not list “IPS SCREEN” on the box, you should assume it is TPN
- **TPN screens** “wash out” when not viewed head on. Fine for 1:1 play, difficult for teammates & spectators to view

What Size?

- **9-11 Inch tablets** are recommended for league & tournament play so that teammates and spectators can follow the scoring from 12-15 feet away
- **6-7 inch tablets** are perfectly fine for 1:1 competition – some players even use their phones!

DartConnect Tips:

- Save DartConnect to your Home Screen, just like an app! Learn how at www.dartconnect.com
- Make it easy for everyone to follow the scoring by showing the match score on a TV, another Tablet or a smartphone
- Always use a protective case – every tablet gets dropped eventually

Sample Pricing on Amazon - November 2016:

	\$150 - \$199 Refurbished	9.7 Inch Apple iPad 2-4 - Used & Refurbished <i>IPS Screens, great battery life depending on condition</i> Note: We do not recommend iPad 1 's
	\$100-120 New	9-10 Inch Dragon Touch Android Tablets <i>IPS screen, new, average battery life</i> Note: Make sure you download the Chrome browser from the Play Store – do not use built-in native browser.
	\$80 New “Fire HD Tablet”	8 inch Amazon Tablet <i>Good screen, but not IPS</i> Limitation: It is an Amazon device: DartConnect will run fine, but you cannot save it to the home screen or run it in full screen mode
	\$180-220 Refurbished Go Really Big!	20 -24 Inch Nabi Big Tab HD <i>Heavy & Short battery life (2 hours), but huge screen.</i> <i>Use with Tornado brand drywall hooks for a mounting option (Home Depot)</i>
	\$80 -160 Show DCTV on a Big Screen!	Chrome Bit & Intel PC Sticks <i>Turn any flat screen HDMI TV into a “Smart TV” so you can follow your match on DCTV. You can even show multiple scoreboards on the same screen.</i>

Don't forget a tablet hanger that works for both wall-mount and free-standing dart alleys:

Official DartConnect Tablet Holders
